Conrad Shawcross: the Dappled Light of the Sun

By Conrad Shawcross, Patrick Sykes

Royal Academy of Arts. Paperback. Book Condition: new. BRAND NEW, Conrad Shawcross: the Dappled Light of the Sun, Conrad Shawcross, Patrick Sykes, The sculptures of Conrad Shawcross ra explore subjects that lie on the borders of geometry and philosophy, physics and metaphysics. For the 2015 Summer Exhibitions Annenberg Courtyard installation Shawcross created a large-scale, immersive work consisting of five cloud-like forms in steel. Made from thousands of tetrahedrons these stand at over six metres high and weigh five tonnes each. Shawcross explains: The Greeks considered the tetrahedron to represent the very essence of matter. In this huge work I have taken this form as my brick, growing these chaotic, diverging forms that will float above the heads of visitors. As well as photography of the works in situ, the publication contains working drawings, structural diagrams and a text by the architecture writer Patrick Sykes.
